

Notice:26/11/2020

NOTICE

This is to inform all the faculty members and students of Bikali College that Extension Cell Bikali College is going to organise a cleanliness drive on November 28, 2020, in Dhupdhara Daily market. So, all the faculty members students, and NSS volunteers are asked to attend the programme at 11.30 Am.

Thank You

Dr. Abdul Wahid

Coordinator

Extension Education Centre

Name of the Programme: Awareness Programme on Cleanliness in Dhupdhara Daily Market.

Date: 28/11/2020

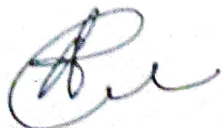

Venue: Dhupdhara Daily Market

Objective of the Study: To create awareness about the importance of cleanliness, engage the community in maintaining cleanliness standards, and promote a sense of civic responsibility among the participants.

On 28th November, an awareness program on cleanliness was conducted in Dhupdhara Daily Market by Extension Education Centre with the active participation of 46 students. The program began with an inauguration ceremony presided over by Mr. Sunil Ch. Rabha highlighted the importance of cleanliness in maintaining a healthy and hygienic environment. The awareness program comprised various activities aimed at promoting cleanliness and hygiene in the Dhupdhara Daily Market. The shopkeepers of the local market area, along with a few members of Tinidalia Raij and Dhupdhara Mouja Unnayan Samiti, also actively took part in the program. The NSS Unit of Bikali College played a significant role in organizing and ensuring the success of the event. The participants, actively took part in cleanliness drives, waste segregation, and awareness campaigns. They distributed informative pamphlets, conducted interactive sessions with shopkeepers and visitors, and emphasized the proper disposal of waste to prevent environmental pollution.

The NSS volunteers actively engaged in organizing the event, mobilizing participants, and providing necessary resources. Their dedication and commitment were instrumental in making the program a grand success.

Extension on Employment opportunities in Nursery and Horticulture

Introduction: Department of Economics, Bikali College has conducted an extension programme on “Employment Opportunities in Nursery and Horticulture” on 21st November, 2020. Students from nearby school Sankardev Sishu Vidya Niketan were invited to aware and motivate them about new avenues in horticulture and nursery. The programme gave an insight on possible sustainable employment opportunities in nursery and horticulture. About 50 students from Sankardev Sishu Vidya Niketan School joined the program. Resource person for the session was Mr. Debabrat Rabha, renowned entrepreneur in horticultural.

Vision & Mission:

Our vision is to foster young students to empower by sustainable livelihoods through the cultivation and propagation of nursery and horticultural practices, creating diverse employment opportunities and fostering environmental stewardship. Provide them with the knowledge, skills, and resources needed to establish and maintain successful nursery and horticultural enterprises. Through targeted extension activities, we aim to promote entrepreneurship, environmental conservation, and economic growth, ultimately enhancing livelihoods and fostering resilient communities.

Objectives:

1. **Enhance Skills and Knowledge:** To equip participants with the necessary technical skills and knowledge in nursery management, plant propagation, and horticultural practices. Distribute educational materials and resources to support continuous learning and skill development.
2. **Promote Entrepreneurship:** To encourage students in establishing their own nursery and horticultural businesses. Offer guidance on business planning, market research, and financial management to aspiring entrepreneurs.
3. **Encourage Environmental Stewardship:** To advocate for sustainable farming practices and environmental conservation techniques within the nursery and horticulture sector. Promote the use of native plants, organic fertilizers, and water conservation methods to minimize environmental impact and preserve biodiversity.
4. **Facilitate Access to Resources:** To give them an insight on how to access financial assistance, grants, and resources to support the establishment and expansion of nursery and horticultural enterprises. Offer technical assistance and advisory services to help navigate regulatory requirements, licensing, and certification processes.

Faculty Participation: All faculty members of the Department.

Student Participation: Students from Sankardev Sishu Vidya Niketan

Outcome/Impact:

1. The students were motivated to explore all possible alternative employment opportunities in nursery and horticulture and establish their own venture in the near future.

Challenges:

It was difficult to schedule a fix date for this program due to scheduled classes and examination in schools.

ACTIVITY: 2

Name of the Activity: Celebration of International Women's Day

Requisition to the concerned Authority:

To
The Principal
Bikali College, Dhupdhara

Date: 4th March, 2021

Sub: Asking permission to celebrate International Women's Day

Respected Sir,

This is to inform you that "Women's Cell" Bikali College in collaboration with the Education Department is going to celebrate International Women's Day at Daily Market in Dhupdhara on 8th March, 2021. The students of our college will perform a street play to showcase the strength of women since time immemorial.

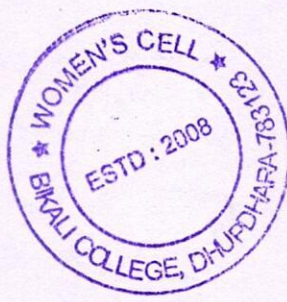

I shall be grateful if you grant us permission to do so.

Thanking You

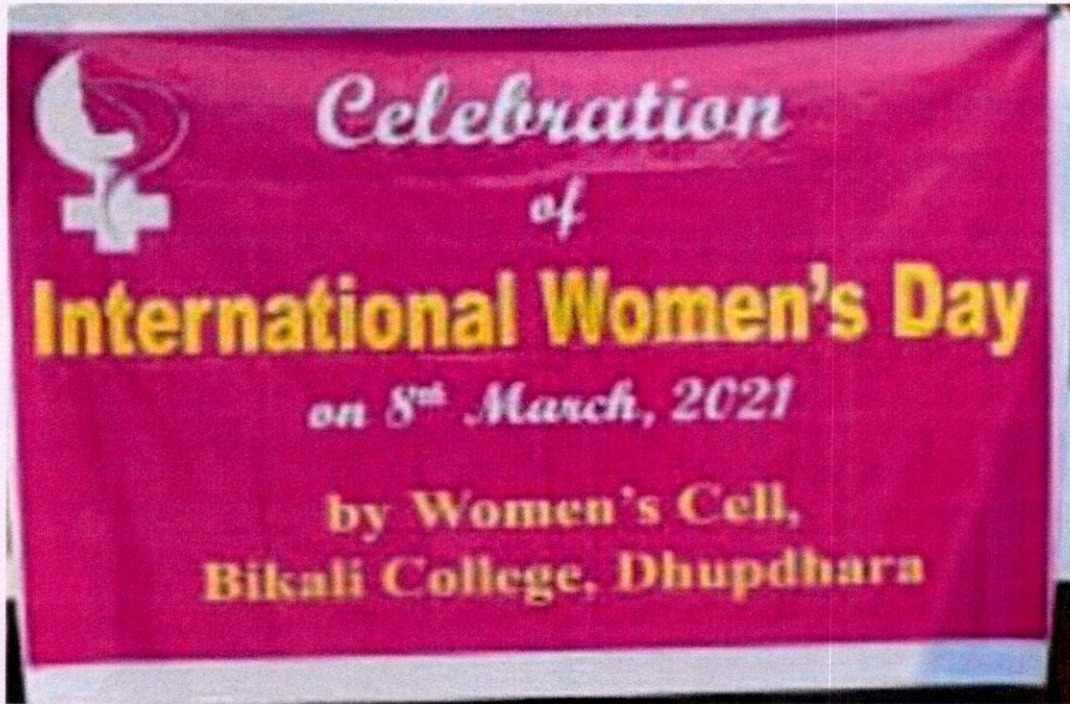

Rajlakshmi Hazarika
Secretary, Women's Cell
Bikali College, Dhupdhara

Flyer:

Name of the Programme Coordinator: Rajlakshmi Hazarika

Date: 8th March, 2021

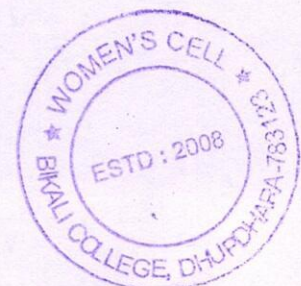

Venue: Daily Market, Dhupdhara

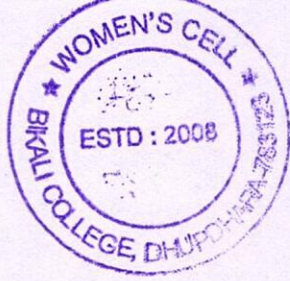

Objective of the Programme: To celebrate the position of women through glimpses in Indian Mythology.

Particulars of the Programme: The students of Bikali College under the banner of Women's Cell undertook a procession to the Daily Market in Dhupdhara. They performed in front of the people showcasing the strength of a women since time immemorial. From mythology to today, she can be a caregiver, protector, creator, and nurturer. But she can also become a victim. She cannot proceed alone. Education is very necessary both for the female as well as the male.

The outcome of the Programme: Active participation by the public who showed their interest by asking questions and giving their opinion.

Library Visit and Orientation for Outgoing School Students

Organised by

Department of English

Date: 1/10/2020

A departmental meeting was held on October 1, 2020 where a resolution was taken to conduct an outreach programme for a selected number of outgoing Class X students from nearby schools. It has been observed that the students are losing interest in reading which has become a big drawback in the process of learning. During the pandemic students have become more inclined towards mobile phones and had separated themselves from books.

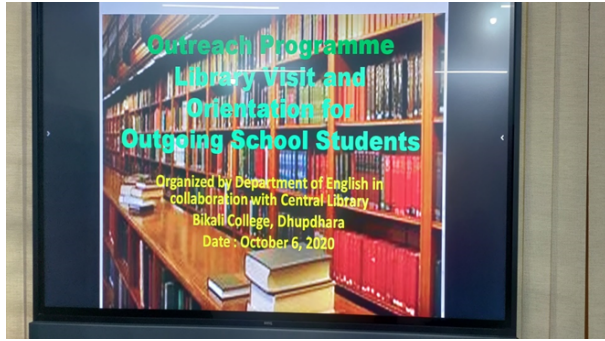

Objectives:

- To help students to take interest in reading habit.
- To familiarize them with the different sections of books in Bikali College Central Library.
- To orient the students about the rules and regulations of a library so that they can have access to any library with prior knowledge.

As per the resolution taken in the meeting the outreach programme, the department of English organized an Orientation and Library Visit programme on October 6, 2020. Since it was the post Covid period the group was restricted to 15 students each. Four groups had joined the programme. A brief introduction was given by Dr. Monalisha Roychaudhury on the importance of Library in accumulating knowledge and benefit of the use of digital library. Mr. Jitumoni Das, Assistant Librarian oriented the students on the use of library and different resources available. He took the students around and showed them the variety of books and journals available in the library. They were also shown the section where books for competitive exams were kept. Being new to the world of library (since the schools just have an almirah where they keep their library books) the students had shown interest and were very enthusiastic about coming back again to use the library.

Outcome:

The students became familiar to the library environment. It helped them look into the wide range of collection. A total of 58 students were benefitted from the programme. The students showed immense enthusiasm and eagerness to come back to the library during their leisure time.

Library Visit and Orientation

Organized by Department of English
